8x8, Inc. Announces Second Quarter Fiscal 2008 Results

SANTA CLARA, Calif., -- November 1, 2007 -- 8x8, Inc. (Nasdaq: EGHT), provider of Packet8 (www.packet8.net) broadband Voice over Internet Protocol (VoIP) and videophone communication services, today announced financial operating results for its second fiscal quarter ended September 30, 2007.

Revenues for the second quarter of fiscal 2008 increased to \$14.8 million, compared to \$13.2 million for the same period of fiscal 2007 and \$14.7 million for the previous quarter. The net loss for the quarter was \$2.6 million or (\$0.04) per share, compared to a net loss of \$2.4 million or (\$0.04) per share for the same period in fiscal 2007 and net income of \$508,000 or \$0.01 per share for the previous quarter. Total revenues for the six month periods ended September 30, 2007 and 2006 were \$29.5 million and \$25.4 million, respectively. Net loss for the six month periods ended September 30, 2007 and 2006 was \$2.0 million or (\$0.03) per share and \$4.2 million or (\$0.07) per share, respectively. The Company's cash and investments increased from \$12.2 million in the quarter ended June 30, 2007 to \$12.9 million at September 30, 2007.

As of September 30, 2007, more than 9,000 U.S. based businesses subscribed to the Packet8 Virtual Office service, an increase of approximately 1,000 new companies during the quarter.

Packet8 Virtual Office revenue grew to 47% of total revenues, and grew 101% over the same period of fiscal 2007, while residential and video revenue for the quarter declined by 19% over the same period of fiscal 2007. Overall gross margin declined from 64% in the first quarter of fiscal 2008 to 52% in the second quarter of fiscal 2008 while service margins declined from 70% to 67%, respectively. The decline in gross margins was primarily related to the significant impact on product margins associated with the acquisition of nearly 25,000 former SunRocket subscribers during the 2nd quarter of fiscal 2008. Product margins declined from negative 4% in the first quarter of fiscal 2008 to negative 77% in the second quarter as the Company provided free equipment and shipping and no activation fees to these new customers.

"We view the SunRocket customer acquisition strategy very favorably as we saw our overall residential customer acquisition costs hit an all time low of \$80 per customer. While the former SunRocket customers had a one-time negative impact on our bottom line to get them signed up on our network, we expect that these new Packet8 customers will add greatly to our revenues and net income in future quarters," said 8x8 Chairman and CEO Bryan Martin. "Despite the normal, seasonal slowdown we have historically seen in business sales during the summer months of July and August, we continue to be pleased with the growth in our Virtual Office subscriber base, and the increase in cash and investments on our balance sheet validates our strategy of focusing on the small business market. Cash and investments have increased approximately \$1M, or 8.2%, since the beginning of our fiscal year on April 1, 2007, while accounts payable have also decreased by approximately \$581K during the same period."

The Company also announced yesterday that it was awarded its 70th United States patent, No. 7,289,491, for a new Internet telephony invention.

8x8 will host a conference call today at 4:30 p.m. ET to discuss its 2nd fiscal quarter results. The event and replays of the call can be accessed from the events page of 8x8's corporate website at <http://www.8x8.com>.
