8x8 Announces Second Quarter Fiscal 2006 Results

Packet8 revenues increase 229% over prior year quarter

SANTA CLARA, Calif., -- October 26, 2005 -- 8x8, Inc. ([NASDAQ:EGHT](http://www.nasdaq.com)), provider of Packet8 broadband Voice over Internet Protocol (VoIP) and videophone communications services, today announced financial results for its second quarter ended September 30, 2005.

Revenues for the second quarter of fiscal 2006 were \$7.1 million, compared with \$2.5 million for the same period of fiscal 2005 and \$6 million for the previous quarter. The net loss for the quarter was \$5.6 million, or \$0.10 per share, compared with a net loss of \$5.1 million, or \$0.10 per share, for the previous quarter and a net loss of \$3.7 million or \$0.09 per share for the same period last year. Total revenues for the six month periods ended September 30, 2005 and 2004 were \$13.1 million and \$4.6 million, respectively. Net losses for the six month periods ended September 30, 2005 and 2004 were \$10.7 million, or \$0.20 per share, and \$6.3 million, or \$0.15 per share, respectively.

Total revenues for the Company's Packet8 VoIP service and related equipment sales increased to \$6.9 million for the second quarter of fiscal 2006, compared with \$2.1 million for the second quarter of fiscal 2005, an increase of 229%. Packet8 revenues for the six months ended September 30, 2005, were \$12.6 million as compared to \$3.5 million for the six months ended September 30, 2004, an increase of 260%. As of September 30, 2005, the Company had approximately 93,000 Packet8 subscriber lines in service as compared to approximately 73,000 on June 30, 2005, a 27% increase. The Company's cash and cash equivalents, short-term investments and restricted cash totaled \$19.7 million at September 30, 2005.

"8x8 achieved a number of significant milestones during the second quarter of fiscal 2006," said Bryan R. Martin, 8x8's Chairman and CEO. "We launched our service in the UK under the *freetalk* brand with Dixons Group, one of the largest electronics retailers in Europe with over 1,400 stores in 12 countries. Also, the Uniden/Packet8 Whole House VoIP System debuted in our retail channel, and we developed and deployed new technologies and services that will expand the capabilities of our already proven E9-1-1 service in response to recent Federal Communications Commission actions. We continue to see the advantageous effects of developing and promoting our own standards-based VoIP technologies and platforms."

"Our revenues and subscriber base continue to grow as distribution channels for Packet8 services broaden and the adoption of VoIP matures in both the residential and business markets," added Mr. Martin. "During this past quarter, with the addition of new Uniden and Dixons Group channels, we expanded the number of retail locations where Packet8-powered services are available to more than 2,250 stores worldwide, an increase of more than 800%."

"Our quarterly loss reflects ongoing expenditures in support of our global expansion and the development of sustainable growth opportunities in new markets," continued Mr. Martin. "Operational execution, especially in light of our rate of growth, outstanding reliability and quality of service, feature differentiation and technological innovation remain organizational priorities for the Company."
